

Greater Salt Lake Midrange User Group

You are invited to be part of a user group dedicated to education and information sharing in the information technology field. Our group meets monthly and covers a wide range of topics, mainly related to the IBM iSeries (formerly AS/400), but expands to any areas of interest to the group, including PC technology, networks, internet, client-server, personal development, etc. Our user group serves IT professionals in the Greater Salt Lake area, including all of Utah and interested surrounding states.

Meeting Schedule

Who: Everyone is invited

What: Variety of topics presented by members of the user group, specialists from vendor companies, IBM, etc. (refreshments included!!!)

When: 11:00 a.m. on the 2nd Wednesday of the month (luncheon meetings may vary)

Where: Murray City Building, City Council Chambers, 5025 South State, SLC

Membership Information

Annual dues are \$65.00 per year for individual or corporate membership. These dues entitle you or your organization to all the benefits of the group, including up to two people at the annual Christmas luncheon (including door prizes). Our user group is also a member of COMMON, and thus entitles you to the discounts at COMMON events without you having to pay the COMMON membership fees.

User group membership is not required to attend monthly meetings or receive monthly newsletters, however you miss out on the other benefits of membership.
