FEBRUARY

Our February meeting will be held **11:00 a.m.** Wednesday, February 9, 1994 at the **MURRAY CITY OFFICES 5025 S. STATE.**

Terry Fowler, one of our members, from American Investment Bank will be discussing security. He will discuss the audit journal, how to better use Quser tools, enhancements to security in V2R3, how to trace all commands that are entered on the command lines and what to do with the reports, how to organize security, and why the banking industry needs the high level of security required. If security is an issue for you, do not miss this meeting.

JANUARY

The subject was **THOSE WINTER TIME BLUES.** The speaker was Michelle Ludell from Charter Canyon Hospital. Michelle spoke about the physical aspects of the body that can cause depression and stress. This was a great session that dealt more with why we get the winter time blahs than how to deal with them. The session was always interesting, my favorite part was the video from Saturday Night Live. One of the key points is sometimes the problems are physical and not brought on by the individual. Thanks everyone that attended.
