

IBM Mid-Range Computer Users Group

President: Max Thomas - 264-2501 Vice President: Steve Walker - 264-1442
Secretary: Alan Judson - 763-6650 Treasurer: Dan True - 565-2483

MAY MEETING

Our Annual Election Meeting was held on May 13th at the Peppercorn Steak House.

Following a delicious luncheon meal, those present voted for officers for the coming year. Max Thomas of Murray City was elected President with Steve Walker from Abbott Critical Care Systems as Vice President. Alan Judson, Bank of American Fork was elected Secretary and Dan True from Becton Dickinson Vascular Access is our new Treasurer.

The new officers wish to extend special thanks to last years officers for their fine job in running the Users Group. They will be a hard act to follow.

SPEAKER

While the votes for new officers were being counted, Bill Bennett, of IBM gave a brief review of service and competitiveness.

Citing some personal examples Bill reminded everyone that we must be constantly aware that we are in a competitive struggle.

In everything we do we must strive to give the highest quality service and make the best products possible. Our customers perception of our products and service is very important. We must listen to our customers and respond to what they want. By doing this, America will be successful in competing with the rest of the world.

JUST A THOUGHT

Natural talent, intelligence, a wonderful education -- none of these guarantees success. Something else is needed: the sensitivity to understand what other people want and the willingness to give it to them. Worldly success depends on pleasing others. No one is going to win fame, recognition, or advancement just because he or she

thinks it's deserved. Someone else has to think so too -- John Luther

ANNOUNCEMENTS

Sharon Maass, last years president, had a baby boy. Mother and son are doing fine. Way to go Sharon.

V2 R1.0 to V2 R1.1

Doug Hansen of Little and Company reports

that when he converted from V2R1.0 to V2R1.1 he had trouble running queries that used files defined with IDDU. Doug can be reached at 484-2200. We thank Doug for passing on this information.

TIPS

Anyone having other tips or information that they would like to share is invited to contact Alan Judson at 763-6650.

We are also interested in publishing questions or requests for information or help from users.

Also, if you have equipment for sale or are looking for equipment, please let us know so we spread the word around.

Lets make the Users Group a resource to all mid-range computer users.

HELP

Do you know someone who has just gotten an AS/400? Is there someone you know who has had their machine for awhile but is not participating in the user group? If so, get their name and address to a member of the board and we will add them to our mailing list.

If we are still sending this news letter to former members of your staff, please let us know so we can remove their names from the mailing list.

We are looking for ideas for future meetings. If you have topics that you would like to see covered, or issues that you would like discussed or more information on, please let us know. We want to make the Users Group a valuable source of information and solutions to users.
