OCTOBER

Our November meeting will be held **11:00 a.m.** Wednesday, November 10, 1993 at the **MURRAY CITY OFFICES (5025 S. STATE)**.

Robin VanWagner will be speaking on the V2R3 release. This should be a great and informative meeting. Come find out what the new release can do to help you. This is a great chance to ask questions about the release.

SEPTEMBER MEETING

Kevin Ririe of IBM spoke. He talked about IBM LINK. He gave us a demo on how to use it, how to get the information, how to do configurations, and how to use the Q&A data base. This was an informative meeting. IBM link is a very powerful tool that can save us all time and money. The Q&A data base is a very powerful tool. The configurations are great fun. Try to make a dream system or find out how much more memory will cost.

HELP

We are looking for people to help with the Christmas party. If you can help please contact any of the officers.
