Our speaker will be Peter Rasmussen from the LDS Foundation in Provo. Peter's presentation will be AS/400 FORUM.

AS/400 FORUM is an application that has evolved from being simply a bulletin-board like facility to becoming an electronic service provider for AS/400 systems and users.

If you have an AS/400 that is currently under warranty or covered by a maintenance agreement with IBM, you are entitled to AS/400 FORUM free as a part of the Service Director product.

MPA

The MPA meeting will be held at 4:00 p.m. on November 16th, 1994 at I-O Corporation, 2256 South 3600 West in Salt Lake.

SEPTEMBER

Kirk Nacey from I-O Corp. presented the basics of Windows.

You can maintain a consistent look on your windows desktop by disabling the SAVE SETTINGS ON EXIT. If you ever want to change the look of your desktop, you can make the changes and save them using SHIFT ALT F4.

Holding down the CTRL key and dragging an icon from one window to another will make a copy of the icon in the second window.

If you loose your windows system icons, you use the SETUP /P command from DOS to reset all the windows icons to their

factory default groups and icons.

You can move from one window to another by pressing ALT ESC. A faster way of switching between applications is to use the ALT TAB combination. This will show a small box with the title of the application in it. When you get to the one you want, simply release the ALT key and you will be in that application.

If anybody needs a copy of the outline with these hints and more, please contact Kirk at 972-3558 ext. 181.

Thanks Kirk for a very informative presentation.
