JANUARY

Our January meeting will be held **at 11:00 a.m. Wednesday, January 11th, 1995** at the **MURRAY CITY OFFICES, 5025 South State.**

Our speaker will be Boyd Bellows from I-O Corporation. Boyd will be speaking about IPDS printing. When we might want to use IPDS and when we might not.

If you are interested in using forms overlays, bar codes, logos, etc., you don't want to miss this presentation.

FUTURE PLANNING

Association of Contingency Planners, Utah Chapter, meets on the second Thursday of each month, at 9:30 a.m., at IHC.

Midrange Programmers Association meets on the third Wednesday of each month, at 4:00 p.m., at I-O Corporation, 2256 S 3600 W.

TIP

If you are going to be running the Reclaim Storage command (RCLSTG). You need to be aware that the instructions on pages 9-5 and 9-6 of the Basic Backup & Recovery Guide (SC41-3304) are wrong. They instruct the customer to bring the system to a restricted condition by doing ENDSBS *ALL. The default time limit on the ENDSBS command is *NOLIMIT. If there are any jobs running, the subsystems will not end, and the system will never come to a restricted condition.

The Basic Backup and Recovery Guide for V3R1 recommends using the following command: ENDSBS SBS(*ALL) OPTION(*CNTRLD) DELAY(600). Using the *CNTRLD and DELAY will ensure that jobs have an opportunity to end correctly.

See DOC APAR SA36988.

DECEMBER

Our Christmas Luncheon meeting was held on December 14th at the Riverboat.

Bob Egan from IBM gave a short presentation about IBM, past, present and future. IBM has undergone major changes in becoming the IBM we know today. We appreciate Bob's taking time to share with us some of the things that have happened.

We appreciate Lagoon making two sets of passes available as gifts for this years meeting.

Thanks Bob and Lagoon.
