JULY

Our July meeting will **NOT** be held. The officers have discussed the July meeting and we believe it to be more beneficial to the user group to attend the **FREE** IBM Client/Server seminar on July 12th. This is our regular meeting day.

To register for the seminar call IBM at 1-800-934-6566. They will have two sessions. The first from 9:00-12:00 and the second from 1:00-4:00. This seminar will be held at the Red Lion Hotel at 255 South West Temple, in Salt Lake City.

JUNE

The speaker for the June users group meeting was **Doc Hodges from Novell**. Doc Hodges is currently Novell's Area Technical Specialist for their SAA product. Doc Hodges was formerly employed by IBM.

Doc spoke about the new features of Novell Netware for SAA in its latest release (Version 2.00) and discussed all of their enhancements relating to the AS/400.
